

# Quilt Block Pattern

## Snail's Trail"

The block measures 12 inches square. (12 1/2 X 12 1/2 inches unfinished).

Use good quality, **100% cotton** pre-washed fabrics.

From each fabric, cut **one** 6 7/8 inch square and **one** 3 7/8 inch square. Cut each square diagonally to form 8 half-square triangles--two of each size and color.

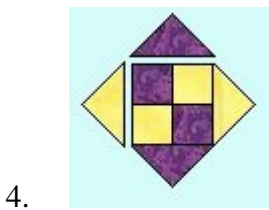

From each fabric, cut **one** 7 1/4 inch square. Cut each square diagonally **twice** to form 8 quarter-square triangles--four from each color.

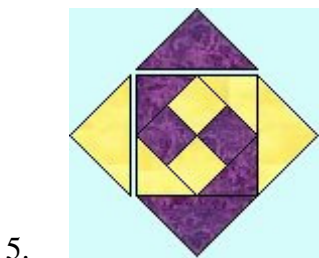

Cut **two** 2 5/8 inch squares from each fabric.

### Sewing Directions

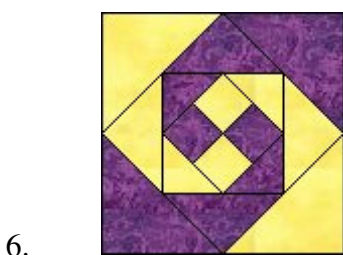

Referring to graphic 3, sew the two yellow and two purple squares into a four-patch square for the center using a 1/4-inch seam allowance.

Referring to graphic 4, sew the smaller half-square triangles to the sides of the four-patch. Start by sewing the purple triangles the sides with a purple square to the left of a yellow square. Sew the yellow triangles to the opposite sides.

Using the quarter-square triangles, attach them to the block created in step 4 in a similar fashion. Start with the purple triangles sewn to the sides with a small purple triangle to the left of a small yellow triangle. (graphic 5) Sew the yellow triangles to the opposite sides.

Finally, sew the largest triangles to the block in the same way. Again, start with the purple triangles sewn to a sides with a purple triangle to the left of a yellow triangle. (graphic 6)

Your completed unfinished block will measure 12 1/2 inches. (12 inches after it is sewn into a quilt!)
